Register TokenAPP

Table of contents

1 Requirements

1.1 Authorization to log into Region Uppsala's programportal

- The user must have authorization to log in with text in programportalen
- We recommend the use of PhenixID Pocket Pass for higher security.
  You can also use Google Authenticator, Microsoft Authenticator or another OATH compatible TOKEN app.
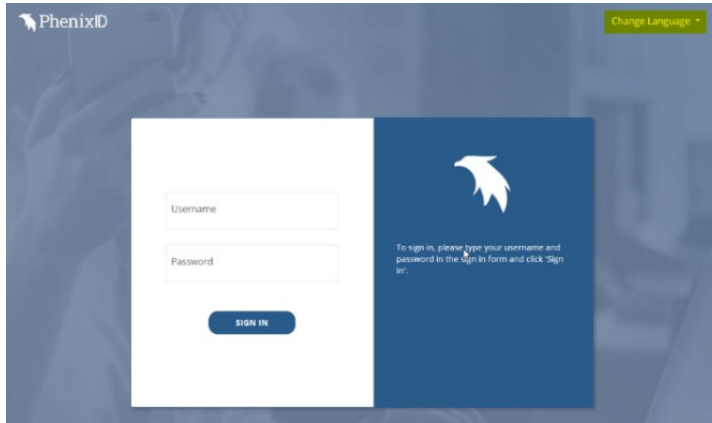

1.2 Install PhenixID Pocket Pass

Install the PhenixID Pocket Pass app in Google store or Appstore

2 Register

Step 1: Go to https://phenixid.regionuppsala.se/activatepocketpass
(You can change the language on the page with the choice "Byt språk/Change language")

**Step 2:** Enter your username (abc123) and your password, then click on "Continue"

Step 3: Enter the OTP code (only the numbers) from the text you'll receive from "LUL-AUTH"

3 Activate

Step 1: Control that it's your username in the top corner

Step 2: Follow the instruction in the app on how you activate and read bar/QR-code

Step 3: Point the camera towards the code in field 2 on your screen
